

RoHS & WEEE DIRECTIVE COMPLIANCE STATEMENT

RoHS DIRECTIVE:

The RoHS directive has been in force since July 2006. In short the directive bans the following chemicals from being used in certain electrical and electronics equipment:

RoHS specifies maximum levels for the following six restricted materials:

- **Cadmium (Cd):** 100 ppm
- **Mercury (Hg):** 100 ppm
- **Lead (Pb):** 1000 ppm
- **Polybrominated Biphenyls (PBB):** 1000 ppm
- **Polybrominated Diphenyl Ethers (PBDE):** 1000 ppm
- **Hexavalent Chromium (CrVI):** 1000 ppm

RoHS Product Compliance Categories

The following product categories are impacted under the RoHS Directive:

- Cat 1. Large household appliances: refrigerators, washers, stoves, air conditioners
- Cat 2. Small household appliances: vacuum cleaners, hair dryers, coffee makers, irons
- Cat 3. Computing & communications equipment: computers, printers, copiers, phones
- Cat 4. Consumer electronics: TVs, DVD players, stereos, video cameras
- Cat 5. Lighting: lamps, lighting fixtures, light bulbs
- Cat 6. Power tools: drills, saws, nail guns, sprayers, lathes, trimmers, blowers
- Cat 7. Toys and sports equipment: videogames, electric trains, treadmills
- Cat 8. Medical devices and equipment
- Cat 9. Control and monitoring equipment
- Cat 10. Automatic dispensers: vending machines, ATM machines
- Cat 11. All other electronic and electrical equipment (EEE) not covered under the other categories

The following products are currently exempted from RoHS compliance:

- National security use and military equipment
- Large stationary industrial tools
- Certain light bulbs and some batteries
- Spare parts for electronic equipment in the market before July 1, 2006.

Our position:

Equipment manufactured and supplied by Amelec fall into Control and monitoring equipment, category 9 as listed in Annex IA of WEEE directive. We fully support RoHS directive that helps reduce Health risk and damage to the environment. With the extended transition period of over 10 years, we are now confident that RoHS requirement does not impact the quality or the reliability of our products. Therefore, unless otherwise requested by the purchaser for equipment still exempted, our processes are setup to meet the requirement of the RoHS directive.

RoHS & WEEE DIRECTIVE COMPLIANCE STATEMENT

Waste Electrical and Electronics Equipment (WEEE) (2002/96/EC) DIRECTIVE:

The intention of this directive is to encourage recycling of Electrical and Electronic equipment to reduce unnecessary waste. It makes manufactures responsible to facilitate safe disposal of its supplied equipment at the end of its use.

AMELEC will provide a facility with the following conditions:

1. The returned item must have been supplied by us.
2. All items must be returned fully paid.
3. Items returned must be certified safe to handle by an authorised person.
4. A cover letter must be supplied authorising us to dispose the returned item. The letter must state all serial numbers.

All products supplied by us that are subject to WEEE directive shall carry the following mark.

Alternatively it may be more convenient to use your own company facility to dispose the item in accordance with the WEEE directive.
