

**NOTES:**

- 1) The enclosure is a two-part thermoplastic moulding.
- 2) To separate the two parts, firm pressure should be applied at point 'X' on the top and bottom of the lower part. The front part may then be withdrawn, together with the electronics.
- 3) The front view is with the terminal cover removed.

DIMENSIONS in mm  
 TOLERANCES ±  
 Nominal 0.4 mm  
 Decimal 0.15 mm  
 Unless shown otherwise
